

FURNITURE HANDLES

INCLUDING PROFILES FOR HANDLE FREE APPLICATIONS

OCTOBER 2021 EDITION

HANDLE COLOUR GUIDE

BLACK

Black handles are a staple for contemporary and modern kitchens. When using brilliant white doors like the Aspekt Skye in kitchen design, a matt black knob or pull handle would contrast perfectly. See our most popular black handles here:

GOLD & BRASS

Gold and brass finishes are some of the most popular amongst kitchen designers. Gold is a versatile colour that can be used in a variety of ways to complete the perfect kitchen style. Brass is becoming increasingly popular because of the finish it provides in a dark toned kitchen. Our midnight blue York slab door is the perfect partner for either brass or gold handles. Browse our gold and brass handle range throughout the brochure with our best sellers here:

COPPER

Like gold, copper is very versatile, and like brass matches perfectly with darker colours. A brushed brass finish in a kitchen can also create a stunning impact-finish to those seeking a country or traditional look.

CHROME

Chrome handles are ideal in a modern looking battleship grey kitchen as well as a more traditional white or cream styled kitchen. When used correctly chrome finishes provide a beautiful final touch to the most popular room in the house.

Finishes

Metal finishes			Wood finishes
 Aluminium coloured	 Brushed stainless steel	 Polished chrome	 Antique oak stained and lacquered
 Aged brass effect	 Cast iron	 Polished nickel	 Beech, unfinished
 Antique brass	 Dark brass	 Satin brass	 Clear lacquered oak
 Antique bronze	 Golden champagne	 Silver coloured	 Light oak stained and lacquered
 Antique copper	 Graphite	 Stainless steel effect	 Maple, unfinished
 Antique pewter	 Magnolia	 Textured black	 Oak, unfinished
 Antique tin	 Matt anthracite	 White	 Oak lacquered
 Black	 Matt black		 Pine, unfinished
 Black nickel	 Matt brass		 Smoked oak
 Bronzed and brushed	 Matt chrome		 Walnut
 Brushed black	 Matt nickel		
 Brushed brass	 Matt white		
 Brushed copper	 Natural iron		
 Brushed gold	 Oil rubbed bronze		
 Brushed grey	 Pewter		
 Brushed nickel	 Polished brass		

Key to logos

Fixing screws are included -

Fixing required -

Denotes the size and type of fixings required

Exclusive to Häfele UK -

These handles are only available from Häfele UK. These are exceptionally innovative designs made of quality materials

Made in Great Britain -

These handles are designed and manufactured in the UK

Dimension Tolerances -

Due to the manufacturing processes of certain materials these handles are more subject to variations in dimensions and finish

BESPOKE TIMBER DRAWERS

Kitchen drawers are becoming an increasingly popular alternative to traditional cabinets. Our drawer range includes many different sizes and finishes, including a handcrafted, bespoke-sized timber option.

Walnut

Ply

Our Bespoke Timber Drawers are handmade in the UK from high grade solid timber. There are a number of design and personalisation choices available including a choice of wood types and come complete with dove-tailed joints.

The Häfele to Order service takes the manufacture, finishing, packaging and delivery off your hands, saving you time and money.

Oak

BESPOKE TIMBER DRAWERS

Kitchen drawers are becoming an increasingly popular alternative to traditional cabinets. Our drawer range includes many different sizes and finishes, including a handcrafted, bespoke-sized timber option.

Walnut

Ply

Our Bespoke Timber Drawers are handmade in the UK from high grade solid timber. There are a number of design and personalisation choices available including a choice of wood types and come complete with dove-tailed joints.

The Häfele to Order service takes the manufacture, finishing, packaging and delivery off your hands, saving you time and money.

Oak

Timber Grain Knobs

Timber knobs are available in two versions, routed cross grain and turned end grain. Routed knobs have the cross grain on top, like you have on a wooden front. Turned knobs have the end grain on top of the knob

Cross grain knobs -

Individually routed from a fixed wooden block with a full shaped tool. Each knob is then sanded to the final shape. This method of manufacture makes for a higher quality knob that shows the natural wood grain to it's best

End grain knobs -

Traditional turned knobs are turned on a copy lathe from a long turning wood dowel and cut off automatically. This method of manufacture is faster and produces a more economical and cost effective product

Oak, unfinished

Oak, antique oak stained and lacquered

Product is subject to variations in colour and dimensions due to being manufactured from natural materials

 Black	Ø 38 mm	30 mm	130.48.309
	Ø 50 mm	39 mm	130.48.302

Timber Grain Knobs

Timber knobs are available in two versions, routed cross grain and turned end grain. Routed knobs have the cross grain on top, like you have on a wooden front. Turned knobs have the end grain on top of the knob.

Cross grain knobs -

Individually routed from a fixed wooden block with a full shaped tool. Each knob is then sanded to the final shape. This method of manufacture makes for a higher quality knob that shows the natural wood grain to its best.

End grain knobs -

Traditional turned knobs are turned on a copy lathe from a long turning wood dowel and cut off automatically. This method of manufacture is faster and produces a more economical and cost effective product.

Oak, unfinished

Beech, unfinished

Turned knob, end grain

- > Order M4 handle screws separately
- > Wood, unfinished
- > Order qty: 1 pc

Product is subject to variations in colour and dimensions due to being manufactured from natural materials

Finish	Diameter	Dim. A	Cat. No.
 Oak	Ø 34 mm	28 mm	195.75.401

GOLA Profiles for Handle Free Applications

Profiles for recess mounting in the cabinet carcass to create a streamlined look with no handles in view

Gola Profile systems are ideal to achieve a contemporary, sleek kitchen design. Compared to more traditional cabinet handles, profile handles give a flush-fitting, handle-less style. You could opt for a Gola Profile in a similar tone to the cabinet for a seamless finish, or a contrasting colour will make more of a contemporary design statement.

Our on-trend range of complementary Gola profiles and plinths offers maximum style and functionality.

There are six different systems in a choice of seven finishes available from Häfele to suit a variety of different applications.

Key features:

- > Choice of 7 finishes; anodised or powder coated aluminium
- > High quality, on trend design
- > Extensive variety of options

System B Plus, System C Plus, System D and System E profiles with aluminium plinth profile, graphite powder coated finish

System B Plus profile, silver anodised finish

System B Plus and System C Plus profiles, silver anodised finish

System B Plus and System C Plus profiles with aluminium plinth profile, brushed copper anodised finish

GOLA system profiles are available for different applications where a streamlined handle free look is required.

- > **System A:** For horizontal fixing under wall units; page **339**
- > **Original system B:** For horizontal fixing under worktops, with plastic connectors; page **340**
- > **Original system C:** For horizontal fixing between doors and drawers, with plastic connectors; page **341**
- > **System B Plus:** For horizontal fixing under worktops, with aluminium profile connectors; page **342**
- > **System C Plus:** For horizontal fixing between doors and drawers, with aluminium profile connectors; page **343**
- > **System D and E:** For vertical fixing between doors; pages **344-345**

Please note: The Gola profile dimension does not allow for use with a fully integrated dishwasher, the profile stops at the dishwasher. The dishwashers door will need a handle
